Keep track daily of every cherished moment

Track and remember each day

Now you can remember every wonderful detail of your baby's hectic schedule during their first year. From speaking their first word, to walking for the first time, you can now record the exact day and moment when those wonderful events took place.

Make a real print of your baby's foot

With the no-mess, "clean touch" inkpad, you can capture a detailed print of your baby's hand or foot, and display it on the cover alongside a favourite photo. The ink never touches the baby's foot!

Personalise it!

With the included personalised stickers, you select which month to start. Make sure to keep track of all those cherished events while including a photo of the baby during each month.

Everything is Included:

- Textured heavyweight paper calendar
- 12 "you define" months with adjacent photo pages
- No mess, "clean-touch" footprint pad
- Personalised milestone stickers
- Peel-and stick photo corners

*available in pink and baby blue
